

Tree Sales Program

A variety of seedling and transplant trees and wildlife shrubs may be purchased in bundles of 25 from the Dodge County Land Conservation Department. Orders are taken beginning around October 1st each fall, and continue until the end of January. Tree quantities are limited, so early ordering is encouraged. Purchased trees and shrubs are distributed during the third or fourth week in April of the following spring. For more information about tree and shrub specie types and prices, click on the following link, <http://www.co.dodge.wi.us/conservation/landserv.html#treesales> and you may also call the Dodge County Land Conservation Department at 920-386-3660.
