DENTAL PLAN BENEFIT

Employees are eligible for Dental Plan coverage at the same time as the Health Plan coverage. For full-time employees Dodge County pays eighty one dollars and fifty four cents (\$81.54) per month toward the premium for family coverage and twenty-five dollars and forty three cents (\$25.43) per month toward the premium for single coverage. The employee paid portion of the premium is eight dollars and fifteen cents (\$8.15) for family coverage and two dollars and fifty four cents (\$2.54) for single coverage. Part-time employees pay a pro-rated amount based on hours worked. An employee choosing not to participate in the dental program may not elect this coverage at a later time.

LIFE INSURANCE

New employees are eligible for Life Insurance the first day of the month following six months of continuous employment unless the individual has prior service. The employee may elect to purchase three units of insurance: basic, additional, and supplemental life insurance on their own life. Each unit of insurance is equal to your Wisconsin Retirement System earnings estimated for a full

calendar year based on projected earnings at date of hire. An employee may purchase optional coverage for their spouse and dependents. The County makes a small contribution toward the cost of basic life insurance and all other life insurance is paid by the employee.

WISCONSIN RETIREMENT

All employees meeting eligibility requirements become a participant of the Wisconsin Retirement Fund. The County pays a percentage of salary contribution to the fund, and also pays an employee share of contribution. These amounts may vary depending on the employment category.

SECTION 125 PLAN (FLEXIBLE SPENDING ACCOUNT)

Employees may voluntarily participate in a Section 125 plan for health and dental insurance premiums and basic life insurance premiums, health care expenses not covered by insurance, and child care expenses. The employee may make elections when beginning employment and then will make new elections prior to the beginning of each new plan year. This program allows employees to pay for the above mentioned items pre-tax. A designated amount is deducted from each paycheck reducing his/her taxable income. The employee then submits receipts for allowed expenses for reimbursement.

DEFERRED COMPENSATION PLAN

Employees may voluntarily participate in either of two deferred compensation programs with the monies contributed to be withdrawn at retirement or upon leaving employment with the County. An employee's maximum annual contribution is \$16,500. The amount deducted each pay period is not subject to federal or state taxes; however, it is subject to FICA tax. The employee will be taxed at the time of withdrawal with respect to income level at that time.

LONG TERM DISABILITY

Employees are allowed to enroll in a voluntary long-term disability plan and pay their premiums through payroll deductions. The employee pays the full premium.
