OFFICE OF DODGE COUNTY SHERIFF

TODD M NEHLS	BLAINE LAUERSDORF
Sheriff	Chief Deputy

TO: The Honorable Members of the Dodge County Board of Supervisors

Dear Chairman Swain and Members of the Board:

It is with a great deal of pride that I submit to you the 2002 Dodge County Sheriff's Department Annual Report. I would first like to recognize Dispatcher Barb Mullin for the design of this years report cover. The entire sheriff's Department continues to project a very professional image and the dedicated employees in all the departments and divisions continue to excel.

The Dodge County Detention Facility continues to generate revenues that have exceeded projections. With the transition from State contract beds to Federal contract beds, the Detention Facility has been able to capitalize on maximum revenues. We continue to work closely with other Federal agencies in an effort to expand the current contract and re-open the old jail, which is currently not being used. With the Detention Facility up and running, efficiently and at capacity, we must now re-direct our efforts toward other divisions within the department.

The Patrol Division and Criminal Investigation Division continue to experience success because of the extreme dedication of the employees within. Calls for service, warrants, transports, and motor vehicle accidents continue to rise and we must start to address the future needs in these areas. The current generations require and expect more from law enforcement and the level of services we provide. The Dodge County Sheriff's Department continues to accommodate the increases in calls-for-service in as prompt of manner as possible.

With 2002 behind us, we will start to look towards addressing other needs, i.e. work space, communications/communications equipment, equipment updates, capitol equipment, staffing, and technology. I am very proud of the current management team and all the employees throughout the department. I hope all of you appreciate the unmatched level of professionalism and dedication of all departments during these difficult times. Law Enforcement is changing, it is becoming more complex than ever and we will need to "lean forward" to ensure we stay abreast with these changes.

I look forward to 2003, the transition within the department is complete and the future is looking very bright for the department. I want to thank the Law Enforcement Committee and the entire board for their support of the department in 2002 and their future support in 2003. The citizens of Dodge County can be proud of their Sheriff's Department as well as each of you, whom they chose to elect and provide the necessary oversight and direction.

Sincerely.

Todd M. Nehls

Sheriff

DODGE COUNTY SHERIFF'S DEPARTMENT COURT SECURITY 2002

Part-time court security staff: Russ Berndt, Fred Berger, Larry Huettl and David Beal.

One investigation conducted regarding threats to a judge.

A court security key ring which included a building master key was reported missing in March and never found. A new procedure is in place to prevent this occurrence from happening again. The Justice Facility will be re-keyed in 2003. Cost of the project has been referred to the County's insurance carrier.

There have been occasional problems with the prisoner movement elevators in the Justice Facility.

PATROL DIVISION

The men and women of the Patrol Division comprise the most viable members of the Dodge County Sheriff's Department. They provide preventative patrol and conduct preliminary criminal investigations in addition to traffic related issues. The objectives of these dedicated deputies are:

To create and maintain the feeling of security in the county.

To facilitate the safe and orderly movement of pedestrian and vehicular traffic.

To reduce the opportunity for the commission of crime by maintaining a highly visible presence.

To identify and apprehend those persons violating all traffic and criminal laws.

The Patrol Division is staffed on a 24-hour basis, 365 days year including holidays. Examples of the more common types of traffic activities during the year which may have resulted in warnings or citations are as follows:

TRAFFIC ACCIDENTS	1,113
OMVWI	223
