Jefferson County VOAD (Voluntary Organizations Active in Disasters) Long-Term Recovery Group

Were you or someone you know affected by the 2008 floods?

“We can help!”

Case Management

Long Term Recovery Case Managers can:

- ➔ Assess flood-related needs such as home clean-up, repairs or mold issues, and help with the recovery process.
- ➔ Assist those affected by the floods in making connections with government and community resources.
- ➔ Help make connections to funding that has been raised locally.

What is VOAD?

VOAD stands for Voluntary Organizations Active in Disasters and exists to help others in the community affected by disasters.

The Jefferson County VOAD/Long Term Recovery Group and Case Managers are working together with the Wisconsin VOAD.

The Wisconsin VOAD is made up of several non-profit agencies from local communities.

These agencies have come together to better serve those affected by disasters.

Long Term Recovery Emotional & Mental Health Resources

PROJECT RECOVERY is a community based outreach program designed to meet the emotional needs of those impacted by the recent Wisconsin floods. Trained community members are available to help people better understand their reaction to their situation, assist in the review of their options, provide emotional support and encourage linkage with other resources and organizations.

Outreach workers are available to meet with those affected in the community. This is a **FREE** and confidential service. To schedule a meeting please call 1-866-422-3742 between 8:30 a.m. and 4:30 p.m. Monday – Friday. You may leave a message after hours as well.

Take care of yourself and others:

Remember H-A-L-T

Don't get too

Hungry, Angry, Lonely or Tired!

Eat right, get enough sleep, and share your thoughts and feelings with people around you. Learning how others are coping will help you feel less alone.
